

The Pamex Core Group Takes Shape

The buzz has already started building up for Pamex 2015, as the event gears up for its next edition in Mumbai. The event Core Group committee is now taking shape with many important players confirming their support and participation. Companies like ACME Machinery (India) (P) Ltd.; Acme Machinery Company (P) Ltd; Advanced Graphic Systems; Canon India Pvt. Ltd.; Electro Mec; Epson India (P) Ltd; Grafica Flextronica; Insight Communication & Print Solution India (P) Ltd.; KOMORI; Label Planet; Monotech Systems Ltd; Nippon Color; S L Kulkarni Cyril Graphics Pvt. Ltd.; Suba Solutions; TechNova Imaging Systems (P) Ltd.; UV Graphics Technologies Pvt.Ltd. and Vinsak are the leading players in their segments that have already joined 'Core Group' team. Some other leading suppliers, printers, media companies and trade associations will complete the group that is slated to have its first meeting in Mumbai in April and will quickly be followed by another meeting in Delhi in the month of May.

The Core group will help hone the focus of the exhibition, the promotion campaign and the theme and structure of the concurrent conference.

To make PAMEX a truly international event, The All India Federation of Master Printers (AIFMP) and Print-Packaging.com (P) Ltd. (PPCPL) have come together to organize the tenth edition of the event at Mumbai from 9 -12 December 2015.
