### Print Yatra stirs up @ Allahabad

The Print Yatra kicked up a lot of dust and excitement as it passed through Allahabad. It got a rousing welcome from the students at the Northern Regional Institute of Printing Technology (NRIPT) where a visit to Pamex by the final year's institute was mooted. The Allahabad Printers Association arranged a seminar on the burning issue of GST and a presentation about Pamex. A lunch later, the local printers flagged the Yatra on towards its next destination at Varanasi.
