All eyes on next edition of Pamex

The unprecedented success of Pamex 2017 is still the talk of the town and so the hopes with next edition are high. The International Exhibition on Printing & Allied Machinery Industries is ready to take up the challenge.

The year 2020 will have a grand start with the grand printing exhibition happening from 6-9 January at Bombay Exhibition Centre, Mumbai. Around 120 exhibitors have already booked their stalls at the event.

Pamex is organized by All India Federation of Master Printers (AIFMP), in association with Print-Packaging.com (P) Ltd. The show features generation next technologies from worldwide solution providers across various categories like prepress, press and postpress segments. The show also presents dedicated pavilions for label and narrow web printing and presses; paper and board converting and corrugated machinery and equipment. Flexo and gravure printing, digital presses, web offset presses, sheetfed offset presses and signage machinery and process equipment will widely be displayed at the event.

Few leaders from the industry who have already marked their presence in the exhibition are Acme Machinery, Advanced Graphic Systems, Ample Graphics, APL Machinery, Autoprint Machinery Manu-

facturers, Canon India, Condot Systems, Electromec Machinery Manufacturers, Five Star Printing Machinery, Komori, Konica Minolta Business Solutions India, Line O Matic Graphic Industries, Memory Repro Systems and Xerox India.

The 2017 edition of the exhibition, which presented more than 350 companies, recorded numerous business deals

and also witnessed an unprecedented 25, 223 unique visitors. In 2020, Pamex hopes to bring in 400+ exhibitors from more than 25 countries. The promotional activities for the event have already started with Pamex having its presence in several national and international exhibitions. The international promotional events are routed for Pamex 2020 in neighboring countries. ■

PLANNING TO EXTEND AREA

Printpack India 2019 space almost sold out

The Printpack India 2019 exhibition, organized by The Indian Printing Packaging & Allied Machinery Manufacturers' Association (IPAMA), will take place at India Expo Centre, Greater Noida, 01-06 February 2019.

The total gross area booked so far is around 35,000 sq. meters, which equals to net exhibitors' space of 19,800 sq. meters. IPAMA still has more than 3 months for the curtain raising ceremony of the event. The organizers are optimis-

tic that the net booked area will cross 23,000 sq. meters. The net increase in space booking during Printpack India 2019 will be around 40%, compared to its previous edition.
