## PAMEX TO SHOWCASE TECHNOLOGICAL CONVERGENCE IN TEXTILE PRINTING!

Driven by the advancements in printing technologies and increasing disposable incomes with the consumer, the Indian textile printing market is growing at 7 per cent every year. While there is a growth in the use of a range of technologies including screen and sublimation printing, the demand for digital printing technology, growing at 17 percent, is outstripping others as it allows for greater flexibility and efficiency in production.

The Textile Printing Machinery segment at PAMEX 2024 will feature the manufacturers and providers of Textile Printing Solutions including Digital Printing Machines; Sublimation Printing, DTF & DTG / Heat Transfer Machines; Flatbed & Rotary Screen Printing; Fabric Label Printing Machines: Textile Printing Consumables including Inks, Chemicals and Auxiliaries.

**Exhibition Dates:** 

06, 07, 08, 09 February 2024

Timings: 06, 07, 08 February : 10 am - 6 pm 09 February : 10 am - 4 pm

**Show Venue:** 

Bombay Exhibition Centre, Goregaon, Mumbai

To avoid long queue of on-venue visitor registration, pre-register athttps://www.pamex.in/visitors/
